Normal Operations	Normal Operations	Normal Operations	Normal Operations

### Cal OES COASTAL REGION

- Nothing significant to report.

### Cal OES INLAND REGION

#### **Overturned Big Rig Chemical Release, Unincorporated, Alpine County, SPILL: 18-3016**

On 05/09/18 at 1105 hours the California State Warning Center (CSWC) received a report from the Alpine County Sheriff's Office (ACSO) that a big rig overturned due to unknown causes on Hwy. 88 near Crystal Springs, unincorporated, Alpine County.

- A chemical was released from the tanker into the West Fork of the Carson River.
- The CSWC generated Spill: 18-3016 and made all notifications per SOP.

#### **Deployments:**

- Per the Cal OES Fire Duty Officer (FDO) as of 05/09/18 at 1224 hours, a Cal OES Assistant Fire Chief (AC) is en route to the incident.

#### **Evacuations:**

- Per the Alpine County Sheriff's Office (ACSO) via the Cal OES LDO as of 05/09/18 at 1659 hours, approximately 200 buildings, which includes a school, have been evacuated. There is no head count at this time.

#### **Evacuation Centers:**

- Per the Cal OES Inland Duty Officer (IDO) as of 05/09/18 at 1347 hours, an Evacuation Center has been set up at Woodford Indian Education Center, 96 Washoe #B, Markleeville.
  - Red Cross is not involved.

#### **Law Enforcement:**

- Per the Alpine County Sheriff's Office (ACSO) via the Cal OES LDO as of 05/09/18 at 1203 hours:
- Approximately 5,000 gallons of Chlorine was released.
- The driver is more than likely deceased, but this has not been confirmed by the Coroner's Office.
- ACSO has no unmet law enforcement (LE) needs.

# **SITUATION SUMMARY**

## **Overturned Big Rig Chemical Release, Unincorporated, Alpine County, SPILL: 18-3016 (Continued)**

### **Hazmat:**

- Per the California Highway Patrol (CHP) Incident Commander (IC) via the Cal OES Fire Duty Officer (FDO) as of 05/09/18 at 1433 hours:
- The tractor and trailer had become detached and were both upside down, off the roadway and down an embankment, approximately 40 yards apart.
- The contents soaked into the soil, ran into a creek that passes below Hwy. 88, and flowed into the Carson River.
- Per Office of Spill Prevention and Response (OSPR) as of 05/09/18 at 1516 hours, OSPR is on scene.

### **Health and Medical:**

- Per the California Department of Public Health Duty Officer (CDPH DO), as of 05/09/18 at 1217 hours, the nearest healthcare facility is over 6 miles away and CDPH does not anticipate any facilities will be affected by this event.

Cal OES Duty Officers are gathering information and will provided updates as received.

### **Cal OES SOUTHERN REGION**

	Moderate Threat
	Slight Threat
	No Discernible Threat

# WEATHER SYNOPSIS BY REGION

## **NORTHERN CALIFORNIA**

\*\*\* Moderately Strong, Gusty Northerly Winds /Low Relative Humidity (RH) Friday into Saturday\*\*\*

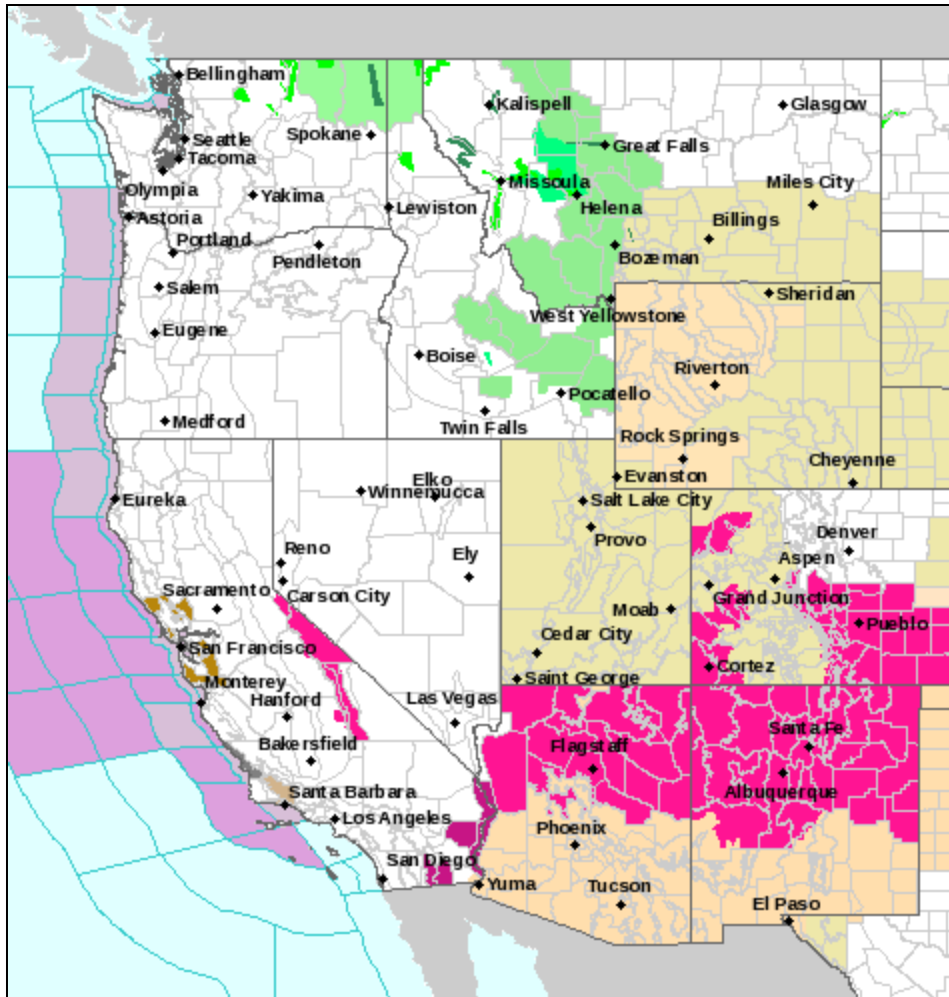

A few light showers are still possible this morning along the California/Nevada border in wake of a weather system moving eastward. High pressure out over the Pacific will strengthen the next few days as a low moves into the Great Basin to increase winds. Moderately strong, gusty northerly/downslope winds will begin later Thursday, stronger Friday and lasting into Saturday morning. Wind gusts on Friday/early Saturday will be 35-40 mph, with favored areas being the western Sierra slopes westward. Minimum RH will be 10-20% Friday-Sunday. Afternoon highs will generally be about 5 degrees above normal for the next 7 days.

## **SOUTHERN CALIFORNIA**

\*\*\*Strong westerly afternoon and evening winds through the desert passes through Friday\*\*\*

An area of low pressure will form over the Pacific Northwest today and then drop into the Great Basin by Friday which will bring westerly winds of 20 to 40 mph with gusts to 60 mph to the wind prone mountain and desert areas each afternoon and evening. Temperatures will remain around 10 degrees above normal today, with upper 60s and 70s across the mountains and 80s to low 90s in the valleys. Temperatures will cool a few degrees Thursday, with mid 60s to mid 70s across the mountains and upper 70s and 80s in the valleys. Minimum humidity will be mainly between 12% and 25% away from the coastal areas through Thursday, but the deserts will be mainly in the single digits. Significant cooling along with a large increase in humidity will take place Friday as the low moves into the Great Basin. Temperatures will be near to a little below normal Friday through early next week as the low moves little. The marine layer will become deep by Friday morning, with morning low clouds and fog making it over the lower coastal mountain slopes. Isolated afternoon thunderstorms will form over the Sierra Crest Saturday through early next week.

# Cal OES LAW ENFORCEMENT MISSIONS

## New Cal OES Law Missions

- **2018-LAW-46627, 05/08/18, 1802 hours:** The California State Warning Center (CSWC) notified the Cal OES Law Duty Officer that the Central Valley Regional Bomb Squad (Tulare County Sheriff, Kings County Sheriff and Visalia Police Department) requested the assistance of the 144<sup>th</sup> EOD California Air National Guard – Fresno to render safe military grade explosives. LDO contacted the Joint Operations Center which approved the request. All parties will meet on Wednesday, 05/09/18 at 1100 hours in Visalia and evaluate the explosives and render them safe. **Mission Ongoing.**
- **2018-LAW-46597, 05/9/18, 0800 hours:** Solano County Sheriff's Office (S/O) is requesting 2 Human Remains Detection (HRD) K9's to search a location in Sonoma County on a two year old missing person case. The Cal OES K9 Coordinator secured 2 Water HRD K9 Teams for Wednesday 0800 hours as requested by Solano S/O. **Mission Ongoing.**

# Cal OES MISSION TASKING

## Cal OES Missions

- **2018-IREOC-45244:** Caltrans to remove dead and dying trees along highways in Kern, Tulare, Fresno, Madera, Mariposa, Tuolumne, Calaveras, Butte, Plumas, Sierra, Shasta, and Lassen counties. (On Scene – Long-term assignment)
- **2017-SOC-44098:** CalRecycle Debris Management Team in Ventura County (Coordinating)
- **2017-SOC-43821:** DTSC to remove household hazardous waste from over 500 residential lots in Ventura County (On Scene)
- **2017-Inland-42559:** Weather station installed to gather real time rainfall data by Air Resources Control Board (On Scene)
